

AUTUMN 2024 GCSE MATHEMATICS REVISION BOOSTERS FOR STUDENTS.

Following the success of our Spring revision workshops, this year we are adding four further revision workshops to our programme, to take place in September and October.

Led by our secondary Maths advisers, the workshops will support revision for Year 11 mock exams. They will also be useful for students in Years 12 and 13 who may be resitting GCSEs in November.

The focus of each workshop will be 'crossover' content – topics that could appear either on Foundation or Higher Tier papers. They will be suitable for anyone aiming for Grades 4 or 5 at Foundation Tier, and provide consolidation for students aiming for Grades 6 or 7 at Higher Tier.

There will be one workshop per week, on four consecutive Tuesday evenings. All workshops will be recorded, and a link sent to everyone who has booked a place, so students who miss part or all of a session can catch up later.

These workshops are designed as active sessions, with students encouraged to engage with activities and GCSE-style problems, send in responses and ask questions.

£10
per student
(including VAT)

To find out more and to book places, scan or click on the QR code.

Once places have been booked, students will need their school e-mail address to access the sessions.

As in previous years, there will also be a full programme of Saturday revision workshops, scheduled for March 2025.

Tuesday 17th September 2024, 5pm to 6pm

WORKSHOP 1: NUMBER

Standard form

Factors, multiples, primes

Estimation

Tuesday 24th September 2024, 5pm to 6pm

WORKSHOP 2: ALGEBRA

Expressions, equations and identities

Forming and solving equations

Sequences

Tuesday 1st October 2024, 5pm to 6pm
