

# COMPLETING THE TRANSITION LEVEL OF NEED TOOL FOR CHILDREN WHO HAVE BEEN CARED FOR AT HOME.

For those children who have not attended any form of preschool setting (day nursery, childminder, preschool, nursery school) and whom have been cared for at home, the teacher will need to complete the transition level of need tool (TLNT) after discussions with the parent/carer.

Check registration information for:

- Date of birth
- Any siblings
- Medical needs
- Home language

Contact the parents/carers to arrange either a:

- Phone call
- Video call
- Home visit
- Meeting at school

Use the questions (below) to gather additional information about the child

Fill in the transition level of need tool manually for the child

	Question to ask the parent		Supplementary questions	Link to the transition level of need criteria	Notes & Actions
1.	Are any professionals working with you to support your child, or to support you as a family?
